Learn quick, easy, energy-saving and money-saving steps that you can take each day that will benefit you, your community, and the world.

Summit Topics Include:

How to Green your Home

Green Driving 101

Green Shopping: What to Look for in Dorchester

"We sometimes emphasize the danger in a crisis without focusing on the opportunities that are there. We should feel a great sense of urgency because it is the most dangerous crisis we have ever faced, by far. But it also provides us with opportunities to do a lot of things we ought to be doing for other reasons anyway. And to solve this crisis we can develop a shared sense of moral purpose." –Al Gore
